

HUMMER

April 9, 2010

Dear Valued Owner,

We are sure by now you have heard that the sale of the HUMMER brand could not be finalized. As a result, HUMMER will be phased out over time.

We know there may be concerns about your vehicle's warranty coverage and the service of your HUMMER going forward. We want to assure you that the expressed written warranty on your new or Certified Pre-Owned HUMMER will be honored by General Motors. You can also be certain that replacement parts will continue to be available through your HUMMER Dealer and/or the GM Dealer Network.

For service, please continue to visit your HUMMER store. As HUMMER Dealers close, we will notify you of a conveniently located Chevy, Buick, GMC or Cadillac dealership that will be best equipped for ongoing service of your HUMMER. In most cases, you will be going to the same dealer you have been going to already. If you have any questions, please contact the HUMMER Customer Assistance Center at [800-732-5493](tel:800-732-5493) for more information.

Again, thank you for your loyalty to HUMMER.

Sincerely,
Your HUMMER Customer Support Team
